DISCLAIMER

This presentation contains forward-looking statements, *inter alia*, to enable investors to comprehend the Company's prospects and take informed investment decisions. This report and other statements – written and oral – that we periodically make, contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words as 'anticipate', 'estimate', 'expect', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realized, although we believe we have been prudent in assumptions. The achievement of results is, *inter alia*, subject to assumptions, risks, uncertainties, including but not limited to our ability to successfully conclude and integrate (potential) acquisition(s) and general regulatory and economic conditions affecting the industry. Should known or unknown risks or uncertainties materialize or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated, expected, or projected. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise. Furthermore, this presentation may also contain references to findings of various reports available in the public domain. We make no representations as to their accuracy or that we necessarily subscribe to those findings. Figures for previous periods/year have been regrouped, wherever necessary.
